NUMBER 33

RETURNS OF THE "MISS GRAYLING" CONTEST TO DATE

Viola Kennedy	313
Ellen Gothro	300
Helen Dietz	116
Edith Bidvia	26

Tonight is the last voting night as a final count will be taken Friday morning. Ballots are now at the Rialto Theatre, Central Drug Store and Mac & Gidley's.

SWITCH ENGINE WRECKS AUTO

MRS. A. E. HENDRICKSON AND DAUGHTER HAVE NARROW ESCAPE

An auto occupied by Mrs. A. E. Hendrickson and daughter Miss Emma was struck by a Michigan Central switch engine at about 5 o'clock Wednesday afternoon at the crossing on U. S. 27 near the Box Factory. The car was demolished and the occupants were thrown out of the car. Miss Hendrickson landing within a foot of the track had a narrow escape from being crushed beneath the wheels of the train. Both ladies were badly bruised and Miss Hendrickson suffered a bad scalp wound.

The auto was coming north and the engine headed north when the accident occurred. There is a detour at the crossing awaiting the completion of the track planing that will fill in the work of the new pavement. The occupants said they saw another car approaching them and when it reached near the railroad it waited for what they believed to let them pass first. It was raining hard and the windows of the car were closed so that the driver, Miss Hendrickson, did not see or hear the train approaching. There is no regular train scheduled at that time of the day nor was there a switchman at the crossing and, together with the noise of the storm and the rain-splashed windows and the confusion of the crossing detour they did not see the train coming. The auto was struck near the right hind wheel. Every glass was shattered and the chassis and body completely wrecked. The wreckage ended with the car pointing in an

COPPERNOLL PAYS \$100 AND COSTS

JACKSON DEPUTY CHARGES PLEA TO GUILTY

C. L. Coppernoll, a deputy sheriff of Jackson county, who was arrested last week for violation of the game law, and who pleaded not guilty at the arraignment, changed his plea to guilty at his trial last Monday. He was fined by Justice Zalsman \$100.00 and costs, amounting to \$21.80.

The assumption is that Coppernoll, who is a deputy sheriff of Jackson county and under oath to enforce the laws, came to Grayling and hired two citizens to go out and break the law by killing for him a deer. This occurred August 2nd. The other parties of the affair were George Bielski and Willard Harwood. The former pleaded guilty at the time of his arraignment and was fined \$50 and costs. We were informed that Harwood pleaded guilty at about the time of Bielski's arraignment but instead a warrant was issued and held up until after the Coppernoll trial. Therefore Harwood was arraigned last Monday and he too pleaded guilty. His sentence was similar to that of Bielski—\$50 and costs.

The specific charge against Coppernoll was that of "hunting and pursuing," for it appears that he had no hand in the actual killing of the deer. He seemed to be apprehensive of a jail sentence which he wished to avoid. He was represented by attorney H. A. Kinch of Jackson. He didn't waste any time in getting his fine paid after Judge Zalsman gave out the sentence, and, with his attorney soon thereafter started for Jackson.

Another warrant has been issued against Coppernoll charging him with violation of the vehicle law. It appears that on the night that the men were arrested by the officers, August 2nd, that Coppernoll's auto carried Ohio license plates. On the following morning there were Michigan plates on the car. Thus it looks as tho he were in danger of further trouble due to his escapade in the north. This latter warrant has not been served as yet. It was issued on the complaint of Sheriff Bobenmoyer

opposite direction from which it had been traveling.

Just how the ladies escaped with their lives is a miracle.

and drawn up by Prosecuting attorney Nellist. The warrant was executed by Justice H. Petersen.

In discussing the Coppernoll case with George Bielski he volunteered to say that he had learned his lesson and that he was all off that stuff for the rest of his life. He works for the Michigan Central and has always been a dependable and hard working employee and stood well with the Company and with the people in general. This affair has hurt his standing with his friends and with the people generally but he is a young man and if he keeps his resolution to go straight in the future there is no reason whatever why he shouldn't get back into the confidences of the people again.

Law breakers sooner or later pay the penalty of their offenses and it doesn't pay.

QUEEN CONTEST CLOSSES TONIGHT

WINNER TO BE GUEST AT BAY CITY CARNIVAL

Interest in the queen contest of the carnival was spurred last week by the announcement that Miss Eastern Michigan would be sent to the national beauty contest at Baltimore to compete for the title of Miss America. It is hoped that Miss Grayling may win the big contest at Bay City and thus be made the delegate to the national competition.

With the carnival only about a week off, a last intensive checkup is being made all over the state to see that no details have gone amiss. The Bay City committee wants to be sure that the program will be well oiled when the opening day comes.

Thursday, Aug. 22, will be given over mainly to the selection of a queen from the host of beauties who will be on hand to represent most of the communities in Eastern Michigan, from Alpena south to Flint. There will be a street parade through Bay City which will wind up at Wenonah Park, on the Saginaw river, and here, before the thousands of spectators who are anticipated, Miss Eastern Michigan will be chosen. A committee of outside judges, experienced in their work, will be in charge. After the selection there will be entertainment of various sorts, and in the evening an Indian pageant will be held on the river.

The program Friday will be well split up, with events going on at the same time on the Saginaw river, on the bay at Wenonah beach, and out in the bay. The river will see a general program of interest, including canoe tipping contests, log rolling, etc. At the beach will take place the Michigan state outdoor swimming championships. Entries for all these divisions of the carnival have been coming in strong to Bay City, and the events, both in the swimming and in those competitions on the river, are expected to bring out the best talent in Michigan. Far out on the bay, but within viewing distance, will be a series of sailboat races.

Saturday, August 24, will see an afternoon of motor boat racing which is going to draw the best drivers in the state. There will be races for boats with class B, C, D and E motors a free-for-all race, and other events. In the evening the parade on land which opened the carnival Thursday will continue on water. The floats, which may include an entry from Grayling will be transferred from the autos to boats, and in a line more than a mile long on the water they will parade before the reviewing stand in Wenonah Park, Bay City.

Fireworks at 9 o'clock that evening will start to sound the end of the first annual Eastern Michigan Water Carnival.

C. MICKELSON EXPERT FISHERMAN

MASON MAN APPEARS IN MOVING PICTURES

Detroit News Filled With Pictures Of C. P. Mickelson's Camp On The AuSable

It is said that if a man wishes publicity in a metropolitan newspaper he must be connected with some criminal venture or be troubled with a breach of promise suit. But this theory does not hold good in the case of C. P. Mickelson. "Mick," as he is known in Mason, has never been caught at anything more criminal than the selling of yellow pine for No. 1 white and the only way he has been connected with a breach of promise suit is through his associations with Mother Nature.

Nevertheless, Mr. Mickelson appeared in every picture but one on a page of the metropolitan newspaper the Detroit News last Sunday. Another two-column likeness of the Mason man appeared upon the out-of-door page in the same issue of the Detroit paper.

The conservation editor of the Detroit News, Albert Stoll, Jr., and a (Continued on last page)

HOLLOWED OUT LOG HOME FOR COUPLE

Two Room House In Douglas Fir Log Furnishes Home For Couple On Cross Country Tour

A comfortable two-room apartment hollowed out of a section of a Douglas fir tree 16 feet long and nine feet in diameter, mounted on a ton and a half truck, will be in Grayling Tuesday.

The truck is driven by E. A. Wade, formerly an Oklahoma farmer, but in recent years a resident of Washington state, and his wife, who occupy the house on a tour of the

this section, is arousing great interest everywhere, Wade said, especially with school children and their teachers. When he found, while traveling in California, that his home created such a sensation among children and the school authorities, he collected some special forestry information, pictures, samples of West Coast woods, and prepared a lecture.

Now when he gets in the neighborhood of a school he stops and gives

then used. The job was finished with adzes.

The interior was then transformed into a modern two-room apartment with a built-in breakfast nook, cupboard and wardrobe. Two beds fold up against the wall and there are electric lights and an oil stove for cooking.

There is enough timber left in the west to last the United States for generations, Wade states, and adds

Trap Shooting Next Sunday

Those who are interested in trap shooting are invited to the Grayling Gun Club field off the Lake road next Sunday to enjoy a shoot. All are invited. 10 a. m.

This will be a good opportunity to practice up in preparation for the annual tournament to be held here Labor Day.

and every night in the year is cool. They tell me that this moist, mild climate has a lot to do with the tall growth of the trees."

Everything grows fast in the Pacific northwest, according to Wade. The country has a great many rivers and streams and the lowlands are extremely fertile.

IMPORTANT MESSAGE TO FARMERS

There will be a better sire train coming to Grayling very soon and preliminary to its coming there will be truck meetings thruout the counties of this part of the State.

At Grayling August 20th The dairy truck will be at Grayling next Tuesday, August 20th at which time all farmers and those interested in dairying are urged to visit it. At that time a number of purebred sires will be on exhibition and here is a chance for some farmer to buy one at his own price. He may submit a sealed bid for the amount he would be willing to pay for a sire and after the tour is over the farmer making the highest offer will be awarded the bull.

Every farmer in Crawford county should try to attend the truck meeting and find out just what the big dairy train will have in store for him when it arrives at a later date.

Be in Grayling August 20th.

MR. AND MRS. E. A. WADE AND THEIR "HOME IN A LOG"

THERE'S PLENTY OF ROOM FOR COMFORT INSIDE THE LOG

United States.

The log cabin is being brought to Grayling at the request of the Grayling Box Company and will be on display in the downtown section Tuesday.

Mr. and Mrs. Wade have traveled nearly 25,000 miles since leaving their home October, 1926, and they are going through Michigan and then back to Washington by way of Chicago. They expect to spend the winter months in Texas, Mr. Wade says.

"Ever since I went to the Pacific northwest and saw the big trees, I wanted to show them to my farmer friends. I knew they would not believe that the Douglas fir trees grow 400 feet tall," Wade states, "so when I was coming back I decided to bring one along. When I drive up to their front yards now they can't call me a liar. Some of them though, want to bore a hole through the bark to see if it really is all one part. I brought a cross section of the log we took out for them to look at, that satisfies anybody."

This, the largest log ever seen in

the youngsters a treat. He has several hundred letters from principals and teachers in California, Arizona and Missouri, praising his traveling exhibit as an educational treat of great value.

"This school teaching is something brand new in my life," Wade says, "but it is lots of fun because everybody is so friendly and appreciative."

The tree, a Douglas fir, from which Wade took the log for his house, grew in the Grays Harbor country of western Washington. It furnished nine more logs, each 22 feet in length. This tree was 311 feet high and contained about 50,000 board feet of lumber. The Wades have named their home "Columbus" because the tree was found to be 434 years old, having started to grow the year America was discovered.

The 9x16 foot log from which Wade made his home on wheels contained 6,580 board feet of lumber, nearly all heartwood. First, a two inch hole was bored through the center, then a four-foot hole was burned. An electric buzz saw and wedges were

that western foresters figure Washington and Oregon alone, under proper forestry conditions, could supply all the timber the United States will ever want. The Douglas fir forest lands are more than 600 miles long and about 200 miles wide, extending from northern British Columbia down through Washington and Oregon into California. These are the thickest and tallest forests in America, with 10 times the board footage to the acre that is found in the south and in other heavily forested areas, he said.

"These trees grow thicker and taller than others in America, if not in the world," Wade said. They are like the corn in this state in that they grow so thick and tall in such a short time. They are mostly hardwood and make the finest lumber. The lumber folks harvest their crop with steam and electric engines, two-inch cables, and main line railroads and within a year or two after the forest is removed, the new growth is popping up all over the place.

"That big tree country is the greenest place, all the year round, that I was ever in," this traveler declared. "It rains nearly all winter and there is lots of fog and little, if any, snow. The summer days are long and mild

GRAYLING INVITED TO BAY CITY CARNIVAL

Grayling has been invited to participate in the Water Carnival to be held at Bay City on August 22nd, 23rd and 24th. Bay City has at all times given us their fullest cooperation in any of our undertakings here, and the PRESS of Bay City have been more than generous in the matter of giving GRAYLING publicity in our endeavors to advertise GRAYLING as a recreational center for summer and winter sports, therefore we feel that now that the opportunity is offered us to reciprocate, we should show our good will towards BAY CITY by making a special effort to be well represented at their FIRE! WATER CARNIVAL. GRAYLING is now voting on a QUEEN who will officially represent our fair city. Placards will be furnished gratis for your cars to those contemplating the trip by MOTOR, upon application to Mr. O. P. Schumann.

We trust that our citizens will cooperate in this undertaking to the fullest possible extent.

GRAYLING BOARD OF TRADE,
T. W. HANSON, President.

COMING One Log Home Arriving in Grayling TUESDAY Morning, Aug. 20th

Douglas Fir Log Home of Mr. and Mrs. E. A. Wade of Aberdeen, Wash.

You Are Invited to Visit This House Free on Display Tuesday, 10:30 A. M. to 6:00 P. M. in Front of Hanson Hardware Co.

Cut from Douglas fir tree out of which nine more logs were cut besides the one used by Mr. Wade. Each log 22 ft. long, in all making 50,000 board feet of lumber, about 2 carloads, or enough to build six four-room cottages. Cut in 1926, then 435 years old, therefore born in the year Columbus discovered America. Visited by more than a million people in 32 states.

This marvelous house on wheels—hewn out of one log—is brought to Grayling by the undersigned lumber dealer, who invites you to visit and make a trip thru the house free. We also will be glad to have you call any time for building material information or building materials. We will be glad to help you plan your new home or remodel your old one.

We carry complete stock of west coast lumber made from big Douglas Fir trees like this. Douglas Fir lumber lays straight—holds paint, and is easy to saw and nail.

THE QUEEN CONTEST

In order to cooperate with the committee of the Water Carnival to be held in Bay City next week the towns all around Eastern Michigan have been busy selecting a popular young lady for queen to represent the home town.

Grayling was slow in getting started but now the campaign is real hot. Virginia Hanson who was first to get votes soon withdrew saying that her home was in Chicago and that she had no right to be a contestant. Ellen Gothro then got a fine start outvoting all others. The count this morning showed a big gain for Viola Kennedy who took the lead by a few votes. The count just as we are about to close our forms this afternoon shows another surprising result with Helen Lietz jumping from 43 to 116 and her friends say that she will win.

The contest has been fine and friendly and we know that after the last votes are cast tonight that whoever wins it will be satisfactory to the people. We are assured of a good representative as the indications now stand. The winner will go to the carnival at Bay City next week for three days with all expenses paid. If you haven't voted for a queen for Grayling you still have time to do so. Vote at the Rialto theatre or at either of the local drug stores.

After the contest is all over every one will forget the strife and rivalry and get behind the winner.

"SMOKES" DROPPED FROM PLANES IN FOREST FIRE DANGER TEST

A burning cigarette or cigar dropped from an airplane is capable of starting a forest fire, according to the Forest Service of the United States Department of Agriculture. Forest officers recently made some tests which prove this assertion.

Reports of forest fires ascribed to cigarettes thrown from passing airplanes during the past year have been based largely on circumstantial evidence. A wide difference of opinion has prevailed as to whether a butt dropped from a swiftly moving plane would continue to burn until it reached the ground. Many believed the propeller blast might snuff out the fire.

To procure some dependable information, experiments with a forest patrol plane were conducted at the Spokane airport. Lighted cigars and plain-tipped cigarettes of brands commonly in use were dropped from altitudes of approximately 550 feet and 1,000 feet above ground. At the same time of the tests, the temperature was about 75 degrees F., relative humidity 34 per cent, and wind movement about 7 miles per hour.

Of six cigarettes recovered, four were still burning when picked up

from the field. All five cigars recovered were still burning. It did not appear that increasing the height of fall from 500 to 1,000 feet was an important factor.

These tests demonstrated convincingly, says the Forest Service, that a large percentage of "smokes" dropped from altitudes up to at least 1,000 feet may still be burning after they have reached the ground, and thus under the right conditions may cause forest or grass fires. It appears that, with the growth of commercial aviation, it may become desirable to adopt measures to prevent the throwing of lighted butts from airplanes, and to provide convenient receptacles for butts in the cabins of planes.

MUSIC PROGRAM FOR ANN ARBOR

The School of Music of the University of Michigan has just announced the attractions which will be heard in the fifty-first annual Choral Union Concert Series in Hill Auditorium, Ann Arbor, during the season of 1929-1930, as follows:

October 15—Giovanni Martinelli, leading tenor of the Metropolitan Opera House, in a song recital.

October 30—Detroit Symphony Orchestra, Ossip Gabrilowitsch, conductor.

November 7—Ignace Jan Paderewski, world renowned Polish pianist.

November 19—The English Singers of London, in a program of madrigals, canzonets, ballads and other music. The group consists of Flora Mann, Nellie Carson, Lillian Berger, Norman Stone, Norman Noyes and Outhbert Kelly.

December 3—The Lener-Budapest String Quartet, Jeno Lener, first violin, Sandor Roth, second violin, Joseph Smilovits, viola and Imre Hartman, violoncello. This is the first American tour of this distinguished organization.

December 10—Claudia Muzio, prima donna soprano of the Chicago Civic Opera Association, in recital.

January 16—Jascha Heifetz, world renowned violinist, in recital.

January 31—Vladimir Horowitz, Russian pianist, in recital.

February 12—Elizabeth Rethberg, prima donna soprano of the Metropolitan Opera Company, in recital.

March 10—Detroit Symphony Orchestra, Ossip Gabrilowitsch, conductor.

MAYOR OLSEN'S CAR STOLEN

THIEF GETS INTO WRECK NEAR WATERS

Recently someone stole Mayor C. W. Olsen's Essex car and apparently while making their getaway they side-swiped a Gaylord car. Last week's edition of the Gaylord Herald & Times contained the following account of the accident:

On the double curve just north of the Heart Lake Country Club at Waters, Mr. and Mrs. George Ford, accompanied by Mr. and Mrs. Homer Linendoll, escaped serious injury by what was almost a miracle.

They were going south, and on the double curve saw a car coming at terrific speed. Mr. Ford, who was driving, got as far over to the right as possible, but not far enough, and the other car side-swiped him, tearing the left side of the car off, breaking all the glass, and pushing them farther over.

It was only due to the extra weight of the car that it was not at least tipped over. Both women who were riding in the rear seat, were thrown to the bottom of the car. Mrs. Linendoll received a painful bruise on her knee, and Mrs. Ford received a small cut on the top of her head.

In the front seat Mr. Linendoll was not injured, though Mr. Ford was thrown forward onto the steering wheel, knocking him almost unconscious. His glasses were broken, and his face cut in several places by flying glass. A thorough medical examination revealed that one of his ribs were torn loose, and his body badly bruised.

After Mr. Linendoll assured himself that no one was injured in their car, he jumped out and ran to the other side of the road where the other car was thrown. The top had been torn off, but the car was upright and the engine still running. Finding no one in the car, he began to yell, but no sound. Passers-by stopped, and a thorough search was made of the surrounding ground, but no trace of the car occupants could be found. There were two caps and a bottle of ginger ale in the car.

A check-up of the license number of the car showed that the car belonged to C. W. Olsen of Grayling, who stated that the car had been stolen from him Monday. It was quite an old model Essex touring. Officers are making an effort to get track of the car occupants, and if found, no doubt they will be dealt with pretty severely.—Otsego County Herald.

NEW PIKE LAW IN EFFECT AUGUST 28

Fishermen will have to count their grass pike after August 28th. On that date the new fish law enacted by the past legislature goes into effect. In the past there has been no limit on the grass or great northern pike, and some fishermen have carried their pike fishing to excess. In fact, the conservation department has received a number of complaints from various localities concerning the overcatching of this fish, as many as sixty pike have been reported taken by a fishing party in one day.

Those who have complained to the department maintain that this represents not only a waste of Michigan fish resources but is unfair to other fishermen who like pike fishing. The fish law which takes effect on August 28th, in part states that not more than five pike, variously termed great northern, grass pike, or pickerel with a length of not under fourteen inches can be taken. On pike lakes and non-trout streams the season will be from May 1st to March 31st, on all other lakes it will be from June 25th to March 31st, while on trout streams the pike season will be from May 1st to September 1st.

4-H CLUB CAMP WITH AN ATTENDANCE OF 400, ENDS

Gaylord, Aug. 12—The fourth annual 4-H Club Camp at Camp Gaylord, closed Saturday afternoon, one of its most successful club camps, with a total attendance of nearly four hundred boys and girls from the lower peninsula, which are included in this club area.

According to A. G. Kettenen, state club leader, who, with his staff from Lansing, have had direct charge of the encampment, the attendance was much better than expected due to the fact that the camp buildings being erected by the state for the use of 4-H Club work have not been completed, only one of them being ready for use.

The entire week has been taken up with demonstrations of all kinds, covering the work of the boys and girls in handicraft, clothing, dairy clubs, chicken clubs, canning clubs, cooking clubs, etc.—Alpena News.

Local Happenings

Nice fat broilers, dressed or alive, Charles Corwin.

Mrs. Axel Michelson spent the first of the week in Bay City.

Fresh dressed rabbit at Burrows Market. Phone 2. They are fine.

Donald Smock spent last week in Roscommon visiting his aunt, Mrs. Jess Green.

The new VICTOR RADIO is here. Come in for demonstration. Central Drug Store.

Miss Jean, Virginia and Polly Murray are spending a few days at their cabin on the AuSable.

Svend Hanson of Detroit a former resident of Grayling was calling on his old friends here the first of the week.

Arden Toilet goods demonstration by young lady from the Arden Salons Thursday, Friday and Saturday at Central Drug Store.

Mrs. Hattie Bissonette and son Claude of Vanderbilt are visiting her son Ernest and family here for a few days.

Mr. and Mrs. Clarence Barber spent last week visiting in Maple Forest and this week at the home of Mr. and Mrs. Frank Barber in Roscommon. They left for their home in Farmington, Wednesday.

Mr. and Mrs. Fred Barber and daughter and Mr. and Mrs. Earl Bird and children, all of Toledo spent several days visiting Mr. and Mrs. Frank Barber of Roscommon. The men took time to try their luck at fishing.

Cortland Young, age 2 years and 4 months, little son of Mr. and Mrs. Cortland Young Sr., of Riverview, passed away at Mercy Hospital Monday night, after a three days illness. The remains were taken to Kalkaska where the funeral will be held today.

If you want to make painting easy get one of those "Handy Spray Outfits" sold by John W. Cowell. Just the thing for painting around the home such as wall decorating, furniture painting, etc. See one on display at the Avalanche office.

Lieut. and Mrs. Emerson Bates and two children who have spent the last two years in Manila are expected to arrive Friday to be guests of Mr. and Mrs. Melvin Bates. On their return they visited many islands of the Pacific and China and sailed to New York by way of Panama.

Mrs. George Land and children of Dowagiac left for Cheboygan Wednesday, after spending several days here visiting her parents, Mr. and Mrs. George W. McCullough. Misses Eleanor and Marquita Land, who make their home with their grandmother, Mrs. Kife in Cheboygan, visited here the latter part of the week. They had been visiting at Dowagiac.

Gus Schantz of Toledo, Ohio, passed away at the home of his brother-in-law, George Horton at Frederic Monday night where he was visiting. Death was caused from tuberculosis.

F. L. Michelson, A. E. Michelson, F. C. Burden and O. S. Hawes, Detroit and E. J. Cornwell of Saginaw attended the regular meeting of the directors of the various local lumber companies here yesterday.

Mr. and Mrs. Alfred E. Underhill left Saturday morning on their return trip to their home in Pasadena, Calif., after a several weeks visit with the latter's mother, Mrs. Henry Bousson and other relatives. Mr. and Mrs. James Rorke and Fred Underhill of Rochester, New York, who had been their guests left the same day for their home in the east.

Twenty-four ladies were guests of Mrs. Walter Bosworth at a very lovely bridge luncheon at the Music Box, Lake Margrethe, Saturday afternoon. Garden flowers in baskets and in the center of the small tables on which the luncheon was served made a very pretty decoration. Prizes for bridge were won by Mrs. Robt. Reagan and Mrs. Olaf Michelson. The house prize was won by Mrs. H. A. Bauman.

Twelve members of the Ladies Games Committee spent Wednesday afternoon at the Clubhouse. Rain prevented any golf so three tables were filled for bridge. Mrs. Esbern Hanson holding the high score. Mrs. J. E. McIntyre of Lansing was an out-of-town guest. A pot-luck luncheon will be given next Wednesday at 12:30 o'clock. Members will bring their dishes and whatever food they care to prepare.

Th family of Mr. and Mrs. Frank Barber of Roscommon held their annual reunion at Higgins Lake State Park last Sunday. Thirty-eight set down to a well loaded table at noon and the afternoon was spent on the water, on the wave, swing, slides, swings and other sports to be found there and all had a good time. Those present were Mr. and Mrs. Fred Barber and daughter, Mr. and Mrs. Earl Bird and three children, of Toledo; Mr. and Mrs. Clarence Barber and three children, Farmington; Mr. and Mrs. Byron Barber and the latter's son Donald Emory and her daughter Grace and two daughters, Mr. and Mrs. Ellsworth Barber and daughter, Mr. and Mrs. Oscar Rodden and three children all of Roscommon. Mrs. Rodden's mother, Mrs. Bird and daughter Mildred of Dearborn; Mr. and Mrs. Charles Corwin and children and Mr. and Mrs. Austin Scott and daughter, Grayling; Mrs. Dan C. Babbitt and son Arnold of Grayling came in time for supper with the rest of the family at the park.

The Motor Hotel at Houghton Lake, owned by J. E. McCoy burned to the ground.

Mr. and Mrs. Manly Norman had as their guests a few days last week, the former's uncle, Edward McLeod of Big Springs, Texas.

Mr. and Mrs. W. J. Cameron and three children of Belding enjoyed a visit with Mr. and Mrs. Herbert Parker. The ladies are sisters.

Remember the demonstration of Elizabeth Arden Toilet Articles by young lady direct from Arden Salons, Aug. 15 to 17. Central Drug Store.

Mr. and Mrs. A. C. Louis of Bay City were guests of Mr. and Mrs. Walter Bosworth at their cottage on Lake Margrethe from Tuesday to Thursday.

Mr. and Mrs. E. N. Darveau enjoyed a week's visit from the latter's sister, and husband, Mr. and Mrs. W. C. Masters of Detroit. Mr. and Mrs. Masters left Monday to visit in Alpena.

Mrs. Antoinette McKone, a former well known and highly respected resident of Grayling passed away at the home of her daughter Mrs. Earl Whipple, at Holt, Michigan, Saturday, August 3, 1929. Mrs. McKone had been in ill health for some time and for the past year confined to her bed most of the time. Interment was at Cedar Springs on August 6th. Antoinette Whipple was born in Macomb, St. Lawrence county, New York, October 8, 1858; and was the daughter of Rev. E. W. Wheeler of the Northern New York Conference and Sarah Wheeler. She was united in marriage to J. H. McKone at South Edwards, New York, May 30, 1877. Two children were born to the union, one dying in infancy, the other being Mrs. Edna M. Whipple. Mr. McKone died in March, 1912 and from that time on Mrs. McKone made her home with her daughter here, the family moving to Holt about three years ago. Mrs. McKone had hosts of friends in Grayling, she was active in church circles and the news of her demise is received with much regret.

Dry Jackpine and Norway slabs and edgings for sale. \$2.50 per cord delivered. T. E. Douglas. Phone 150.

NEW LAW ON DUCK BLINDS IN EFFECT

Lansing, August 12.—Of special interest to Michigan duck hunters are the changes in the Game Law of 1929 effecting the use of duck-blinds.

The old law prohibited the use of blinds more than 500 feet from the shore or from weed and grass beds, but did not explain what was meant by "grass bed" and so could not be sharply enforced.

Section 10-k of the new law is very definite and makes it "unlawful for any person to make use of any blinds—unless said blinds are constructed, placed or anchored within 100 feet of the shore or any well-defined brush, rush, reed or grass bed or other emergent vegetation. Provided, that anchored floating blinds may be used in certain open waters, and the Conservation Commission is hereby authorized to designate such waters."

"This wording," says Director Hogarth, "clearly requires that the standard sorts of blinds be located within 100 feet of the shore or not more than 100 feet outside of natural growth which rises above the surface of the water thick enough and high enough to make a more or less natural hiding place. The idea is that blinds shall not be built out in open water. In the open water and on the under-water weed beds, the ducks are to be given a chance to rest and feed.

"Deep-water pile-blinds, built with heavy poles and with wooden platforms, and located far out from shore and far from any above-water vegetation, are out—entirely prohibited, and the new law provides for no exceptions whatever.

"An exception is provided, however, for floating, anchored blinds and whether built up on duck ponds or built of cedar poles covered with burlap and rushes or brush such as those used at Houghton Lake. Such blinds may be located or used within 100 feet of shore or of well defined above-water vegetation, but must not be used in open waters unless the Commission has specifically authorized it.

"In waters like Houghton Lake, where most of the weed beds are below water, unless floating anchored blinds are to be allowed, there couldn't be much duck hunting—and of course we want Michigan hunters to get their full share of good hunting.

"On the other hand it isn't fair to the ducks or to the hunters if such floating blinds are anchored too close together, or so as to keep the ducks from their best feeding grounds. If the birds don't get good chances to rest and to feed they will be driven out and out of the state before they really want to go, and before Michigan hunters have had a chance to get their fair share of the flight.

"So as to prevent misunderstandings," says the director, "a circular covering these points is being sent out to all enforcement officers. Under the new law we know what duck blinds are or are not lawful. We intend to have a uniform and very definite enforcement of the law as it now stands and we are very hopeful that the changes will make for increasingly good duck hunting, and for a fair distribution of the chances among our hunters."

What Constitutes a Gentleman?

By THOMAS ARKLE CLARK
Dean of Men, University of Illinois.

I was for a considerable number of years in the unpleasant office of treasurer of an organization, the duties of which required that I make collections from various members who had made subscriptions for the support of the group. Now asking people for money, even for money they have quite voluntarily agreed to pay, involves certain embarrassments.

I had written Pinkerton twice a year for six or seven years, politely, too, calling his attention to the fact that his notes were overdue and the indebtedness increasing as time went on, and emphasizing our need of funds. There was no reply, no remittances, nothing but silence, but a good deal of that, and yet the man was quite able to pay. Patience ceased to be a virtue; the worm turned.

I wrote brother Pinkerton that I should put his account into the hands of a reputable attorney. Having failed in one way to collect I should try another. I met him a few days later. There was no joy in his countenance, no glad hand extended, nothing of cordiality in his greeting.

"I have read your last letter," he announced to me, "and I think you are no gentleman."

It was a question, I answered, that I was prepared to argue, but whatever the final decision might be, it seemed to me it hardly affected his indebtedness to his organization. The experience led me to ask myself, "What are the characteristics of a gentleman?"

A gentleman still, I think, has respect for women and for old age. I was walking down a corridor of a public building not long ago, when I came upon a young man, his hat on his head, a cigar between his teeth talking to a young girl. As I came by he removed his hat and took the cigar out of his mouth. He still had respect for old age, but for women—well, he had not really given the matter a great deal of consideration.

A gentleman is clean of speech, clean of body, low voiced, little given to anger. At least when anger surges within him he controls it. Nothing marks a man as common more than loud, vulgar, profane and risqué talk. A dirty body is only little less vulgar.

Respect for the feelings of others or the comfort or the happiness of others always marks the gentleman. Should I have dunned Pinkerton?

An old lady is sitting across from me in the Pullman and fudging her is a young fellow who has evidently never met her before. He has pushed a cushion under her feet; he has adjusted her pillow to give her more comfort; he has helped her on with her coat as she was leaving the train. He seemed to me a good deal of a gentleman, for he had made her comfortable, he had relieved her of responsibility, he had made her happy.

A gentleman is modest, reserved, seldom insists on sitting in the front seat, and does not often offer advice unless he is asked for it. He does his duty whether it is pleasant or not, and in doing it tries to give others as little discomfort as possible. (© 1929, Western Newspaper Union.)

CARD OF THANKS

We acknowledge with thanks the kind expressions of sympathy of our friends in our recent bereavement.

Mr. and Mrs. Don W. Mewhinney,
Mr. and Mrs. Efner Matson and family.

Want Ads

FOR SALE—My property on Ogema street; in good condition. Inquire of A. M. Peterson.

LOST—Gold beads some place on the streets. Return same to Fern Chalker or leave at the Avalanche office.

There will be no regular church services this Sunday.

On Being Yourself

So many of us are big bluffers. We try to be some other person than what we are. We like to pose. When we encounter someone who is educated in the real meaning of that word, we talk learnedly to them of Einstein's Theory of Relativity or the Law of Compensation. It may be that we scarcely understand the comments we have read in the Daily about these matters. But since we are with learned folks, we must pose to be intellectual. And when we do, the other man smiles knowingly. He sees that we are bluffing. And he doesn't find our company congenial. In fact, he avoids experiences like that thereafter.

Surely if Nature teaches us anything these glad summer days, it is to urge that we be ourselves: De sunflower, ain't de daisy, and melon ain't de rose; Why is dey all so crazy to be sunfin iles dat grows Jess stick to de place yore planted, and do de bes yo knows; Be de sunflower or de daisy, de melon or de rose. Don't be what yo ain't, Jess yo be what yo is, If yore Jess a little tadpole, don't yo try to be de frog; If yo are de tail, don't yo try to wag de dawg. Pass de plate if yo can't exhavt and preach; If yore Jess a little pebble, don't yo try to be de beach; When a man is what he isn't den he isn't what he is, An' as sure as I'm talking, he's a-gwine to get his.

TO THE OWNER OR OWNERS OF ANY AND ALL INTERESTS IN OR LIENS UPON THE LAND HEREIN DESCRIBED:

Take notice that sale has been lawfully made of the following described land for unpaid taxes thereon, and that the undersigned has title thereto under tax deed or deeds issued therefor, and that you are entitled to a reconveyance thereof at any time within six months after return of service of this notice upon payment to the undersigned or to the register in chancery of the county in which the land lie, of all sums paid upon such purchase, together with one hundred per centum additional thereto, and the fees of the sheriff for the service or cost of publication of this notice, to be computed as upon personal service of a declaration as commencement of suit, and the further sum of five dollars for each description, without other additional cost or charges. If payment as aforesaid is not made, the undersigned will institute proceedings for possession of the land.

Description of Land
STATE OF MICHIGAN
County of Crawford.

The north half of the northeast quarter of Sec. 10, Town 25N, Range 4W. Amount paid \$52.02 tax for year 1925.

The northwest quarter of the northwest quarter of Sec. 10, Town 25N, Range 4W. Amount paid \$16.69 tax for year 1925.

Amount necessary to redeem, \$----- plus the fees of the Sheriff.

Loren Moon and Albert Moon, place of business Grayling, Michigan.

To Laura Etta Wagner, last grantee in the regular chain title of such lands or of any interest therein as appearing by the records in the office of the Register of Deeds of said County. 8-15-4

MORTGAGE SALE

Default having been made in the conditions of a certain mortgage made by Wort Heath, a single man, to Nickolin Schjotz, dated the 1st day of November A. D. 1927, and recorded in the office of the Register of Deeds for the county of Crawford, and State of Michigan, on the 23rd day of November A. D. 1927, in Liber G of mortgages, on page 218, on which mortgage there is claimed to be due at the date of this notice, for principal and interest, and taxes due, the sum of two hundred two & ninety-eight hundredths dollars, and an attorney's fee of thirty dollars, as provided for in said mortgage, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage, or any part thereof.

Notice is hereby given, that by virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, on Saturday the ninth day of November, A. D. 1929, at 10 o'clock in the forenoon, the undersigned will, at the front door of the Court House in the Village of Grayling, that being the place where the Circuit Court for the county of Crawford is held, sell at public auction, to the highest bidder, the premises described in said mortgage, or so much thereof as may be necessary to pay the amount so as aforesaid due on said mortgage, with seven per cent interest, and all legal costs, together with said attorney's fee, to wit: Lot three of block two, of Salling and Hanson Company's Addition to the Village of Grayling, in the Village of Grayling, Crawford County, Michigan.

Dated, August 15th, 1929.

NICKOLIN SCHJOTZ,
Mortgagee.

Merle F. Nellist,
Attorney for mortgagee,
Grayling, Michigan. 8-15-13

Bad Spots in Oceans

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO.

Thursday, August 18, 1906

Mrs. Soren Anderson went to Niagara Falls and the East for a little visit last week.

O. Palmer is in Minneapolis this week attending the National Encampment of the G. A. R.

Prof. Bradley and family are spending a few days with relatives and friends in New Baltimore.

Hon. E. Bolton of Gaylord and L. Jensen of Sailing, were welcome callers at our sanctum last Saturday.

A long line of cement walks is being built south from Michigan Ave. on the east side to Cedar street.

Miss Alice Gordon, who has been with Mrs. Deen during the summer, has returned to her home in Bay City.

F. P. Richardson has just cut a field of oats averaging over five feet in height and heavily laden with grain. Four country this?

Mrs. R. Bay of Lewiston was visiting friends here over Sunday.

Miss Edith Thackwell of Ann Arbor is the guest of Mrs. Alexander.

Mr. and Mrs. H. Trumley are entertaining a grandson from Lewiston.

Miss Mamie Pratt is a welcome visitor at the home of Mrs. Fred Pratt.

Miss Isabell Case is spending her vacation with her parents at Kinde.

Mrs. Alexander and Miss Thackwell spent the day down the river, Tuesday.

Mrs. Rena LaForge of Bay City is spending a few weeks with Mrs. T. W. Hammond.

Miss Helen Johnson has returned from Big Rapids, where she has been attending the Ferris Institute.

Mr. and Mrs. Roblin and Master Robert returned Tuesday from a two weeks visit in Detroit and Niagara Falls.

Operations have commenced at the deep well on the south side. The work is carried on day and night and progressing rapidly.

Miss Maude Maudsley, niece of Jos. Valentine, and Miss Fox stopped here for a short visit yesterday, on their way from Mackinaw to their home at Mayville.

Mr. C. B. Johnson of Alpena is again a resident of Grayling and is occupying the house just vacated by Rev. Becker on Michigan Ave.

Rev. and Mrs. Pillemer will leave Friday, Aug. 18th, for Winona Lake, Ind., to attend a ten days Bible Conference held there.

Married—At the residence of the bride's mother in this township Aug. 8th, Miss Nellie Corwin and Christ Hoelsi. Rev. E. H. Peters officiating.

Paul Schmidt, a son of August Schmidt of South Branch was seriously injured by the accidental discharge of his rifle while out hunting last week.

Mrs. Frank Forester and daughter of Chicago are guests of Mrs. Dr. Montgomery of Beaver Creek. They are enjoying our climate and fishing, prefer both to the "Windy City."

Mrs. Dr. N. C. Mosser and Miss Getta Boroff of Eldora, Iowa, are guests of Mrs. Dr. Montgomery of Beaver Creek. They made part of a large fishing party at Portage Lake the last of the week.

Mrs. Roderick Frazier, of Maple Forest, died at the home of her father in Lovells last Thursday and was buried here in Elmwood cemetery.

Saturday. She was a victim of consumption.

About sixty members of the Presbyterian Sunday School went to Portage Lake last Thursday for a day's outing and picnic. It was cloudy and cool, and just rainy enough for a change. Boating, bathing, fishing and eating was the order of the day and all report a pleasing time.

A new corporation, promoted by L. Jensen, a citizen of Grayling, but who lives at Sailing, is being formed for handling Upper Peninsula timberlands. E. N. Sailing of Manistee, Hon. E. B. Bolton of Gaylord, Mr. Jensen and a number of our local capitalists are interested - which assures its success. The principal office will be at Grayling.

Thursday, August 9th, Mrs. John Everett entertained the Social Soap Club at her pleasant cottage on the shores of Portage Lake. A special carriage conveyed the party and it was indeed a jolly ten with a few invited guests that left Grayling. Mr. and Mrs. Everett made them feel thrice welcome by their charming hospitality. The cottage was decorated with ferns and evergreen. Dinner was served under a canopy on the lawn and while the ladies feasted on the good things prepared by the hostess, Mr. Everett proved himself a charming nurse, by taking care of the babies. The afternoon was spent with games and boat riding. Mrs. Kraus winning in the contest of the former. A unique affair was the "Pink Tea" served at five o'clock, this being a surprise to the guests. The day will ever be one pleasant memory, and the club voted Mr. and Mrs. Everett as royal and jolly entertainers and will be sure to accept an invitation at any time to their pretty summer home.

Lovells Items

Dr. S. N. Insley was in town on Monday.

M. Hanson of Grayling made a call here Saturday.

Mrs. Spencer has moved into the Foot residence.

M. A. Dyer called at Lovells Saturday on his way north.

Erwin Cheesbro of Manton, is making his friends here a visit.

Charles Miller is pulling out lots of stumps. The Old Man helps some.

Dr. Knapp of Johannesburg was in town on professional business last Thursday.

The Lovells baseball team played at Johannesburg Sunday, at least they were over there. The score stood 20 to 1 in favor of Johannesburg.

On the outskirts of Detroit, near the great Ford airport, the Standard Oil Company (Indiana) has erected a large bulletin advertising its products to those who travel by air.

This board is over fifty feet long by fifteen feet high and is set at an angle of forty-five degrees to make it easily read by those who fly over the area and also clearly visible to the motorists who drive along the highway nearby.

This is an advertising innovation. It is the first purely commercial bulletin ever built, the primary purpose of which is to catch the attention of that rapidly expanding public who have become air minded.

The decision of the Standard Oil Company (Indiana) to utilize this unique form of advertising is an eloquent expression of their belief that aviation is on the eve of tremendous expansion, and that transportation by air soon will be a commonplace means of getting from one part of the country to another.

The location of this bulletin is such that a large number of the airplanes that come and go from the Ford field pass near enough to it to enable those who ride to see and read the message.

The development of these bulletins is a natural evolution from the airway markers which were originated and first put in service by the Standard Oil Company (Indiana) several years ago. These markers, which are painted on the roofs of the company's warehouses throughout the Central States, carry the name of the town, compass reading and directions to the airport, if one is located within a few miles of the sign.

The favorable reception which these markers received, not alone from those interested in aviation, professionally, but also from the layman who chanced to fly over and see how practically useful they are, led the management of the Standard Oil Company to believe that advertising signs displayed to be viewed from above would impress those few who saw them.

To what extent these airway sign boards will be utilized by the Standard Oil Company has not been announced, but it is safe to say that as aviation progresses, and air travel becomes the ordinary means of transportation for the busy man, this form of out-of-door advertising will become popular.

Both Ends Live

A worm still lives even though it is cut in two. This is because the worm is "constructed" differently than humans. The human nerve center is all located in one place—the brain—while in the worm the nervous system is scattered all through its body. This either half can live and function without the other.

Tomatoes stuffed with ham are delicious. Remove a thin slice from the top of each tomato and remove seeds and pulp. Run canned ham through the meat grinder and mix with half as much bread crumbs and the tomato pulp and pepper and salt. Stuff tomatoes with this mixture, cover with buttered crumbs and bake thirty minutes in a moderate oven.

Celery and ham may be creamed together and served on toast, garnished with minced parsley.

Everyone knows the usual ways of using ham, in sandwiches, cold with salads, baked, fried, with eggs, and so on, but there are other meth-

ods which are just as delectable and more unusual.

For instance, cut one or two inch-thick slices of ham and brown in a little fat in the baking pan. Pour crushed pineapple over the ham and add one-half cup water. Bake slowly until tender. Remove to hot platter and pour hot pineapple syrup around it.

CHALLENGER MAKES FINE RECORD

66.88 Miles Average Per Hour For 18 Hours

In the midst of the sagebrush and cactus of the Mojave desert, partly in a broiling sun and partly in a wind that at times amounted to a veritable gale, an Essex—the Challenger stock sedan, has just established a record for sustained speed and endurance, when it was driven continuously for eighteen hours at an average speed of 66.88 miles per hour on a measured five mile dirt course, which was level and unbanked. The total distance covered was 1,203.48 miles.

The test was made under the direct supervision of newspaper men. "The purpose," said Mr. Corwin of the Corwin Auto Sales, "was to establish the fact that the Hudson Motor Car Company is correct in asserting that Essex—the Challenger can be driven all day at a speed of sixty miles an hour, and also to conquer the only known authenticated speed record for one thousand miles made by a stock sedan listing under one thousand dollars. This record was one thousand miles at an average speed of 60.97 miles per hour, but it was during the cool weather of the autumn. As far as is known," said Mr. Corwin, "no stock sedan in this price class was ever driven at anywhere near the speed of 66.88 miles an hour for eighteen hours under official timing."

The five mile course was laid out on the famous Muroc Dry Lake at Muroc, Kern County, in the heart of the Mojave desert. The results of the test is one of the finest tributes to the precision standards of the American production methods of manufacture," said the local dealer. "To maintain such a high speed average, it was necessary to drive over eighty miles an hour for part of the time. The performance of Essex the Challenger was worthy of a car in any price class, and well establishes its claim as an endurance car."

This is the most recent of a series of tests carried out in every section of the country in order to prove that the Essex can stand up under the toughest going over long periods. Some of the tests lasted for weeks, while in the states of Texas, New Mexico, Oklahoma, Colorado, Kansas, Wyoming, Utah and Nebraska, Essex—the Challenger cars have been running almost continuously since the new models were introduced last December. Some of these cars have run 50,000 miles over the roughest country and under the most trying conditions. Economy and performance, in addition to reliability, were other tests undertaken.

STANDARD OIL CO. ERRECTS ADVERTISING BULLETIN

On the outskirts of Detroit, near the great Ford airport, the Standard Oil Company (Indiana) has erected a large bulletin advertising its products to those who travel by air. On Airways or Highways

When performance counts

products of the Standard Oil Company (Indiana) are chosen. Their dependability is proved.

The planes of the Universal Aviation Corporation, as part of the new coast to coast air-rail passenger service, carry passengers and mail on regular schedule. The lubrication of their Wasp, Hornet and Wright Whirlwind engines is a vital matter—entrusted to this Company because it offers a Specialized Lubricating Service and a Quality of Oil unequalled.

Day in and day out, Stanolind Aviation products faithfully protect airplane engines of the Universal Aviation Corporation against friction.

Iso-Vis and Polarine

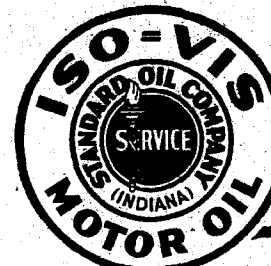

as faithfully protect automobile engines against friction. These two motor oils are unusually sturdy and unusually rich. They stand up under every strain of modern driving. They insure smooth performance and a long life for modern motors.

Iso-Vis is a newer motor oil—equally dependable. It represents a sensational advance in lubrication for it will not thin out. Motorists drive for 1000 or 2000 miles without draining Iso-Vis.

Polarine has been kept abreast of developments. It is a modern oil for modern engines—with the reputation of years of satisfactory service behind it. Drain Polarine every 500 miles and you'll have no lubrication worries.

If the performance of your car counts—and if you'd like to keep the engine young and healthy—use Iso-Vis or Polarine of the grade manufactured for your car.

"New Konjola Proved Its Merit To Me"

Just Another Instance Of How This New Medicine Has Won Wide-spread Fame

MR. C. W. ANDERSON

"I was stiff and sore all over," said Mr. C. W. Anderson, 319 Pasadena Avenue, Highland Park, Detroit, Mich.

"I was told that my kidneys were out of order, but no one seemed to be able to give me anything to make them better. I was weak and rundown; tired out all the time.

"Oh, the suffering and expense I could have saved had I known of this wonderful medicine, Konjola, years ago. Konjola went right to the seat of my trouble. A full treatment—six bottles—and I am a well man; better than I ever expected to be. Believe me when I say 'no one need be in doubt about Konjola's merits'; I speak from experience."

Konjola is sold in Grayling at the Mac & Gidley drug store and by all the best druggists in all towns throughout this entire section.

TO GET MR. MOTH, BE THOROUGH

The reason most folks are unable completely to rid their homes of moths, is because they do not do a thorough job. Moths build their nests and hatch their young in the dark and warm interior of your furniture or your best woolen coat. When applying an insecticide against moths, see that it is introduced into the interior of the furniture and reaches every part of woolen garments, even inside of pockets. The moth accounts for millions of dollars worth of unnecessary damage each year.

A thorough job with a good insecticide is the surest preventive.

DIPPING INTO SCIENCE

Pumice Stone

Pumice stone comes to us from the depths of the earth. Filled with gas when thrown out upon the surface by volcanoes, it was found under great heat, the escaping gas causing it to be very spongy in appearance. It has been of great aid to scientists in learning something of the undercurrent of our planet.

Flavor-Sealed Ham

DID you know you could buy ham with the flavor sealed in it? "How?" you ask. Why just go to your dealers and pick out a selected, mildly cured ham which is vacuum cooked and sterilized in its own can. All its juices are sealed in and the ham is delivered to you fresh, flavorful and tender. The skin and bone and other waste are all removed. To serve, simply pop into the oven and brown. For medium sized families the whole ham, weighing six to ten pounds and which will take in sixty minutes may be purchased. Smaller families will prefer the three to five-pound can of ham which will bake in thirty minutes.

Toothsome Uses

Everyone knows the usual ways of using ham, in sandwiches, cold with salads, baked, fried, with eggs, and so on, but there are other meth-

ods which are just as delectable and more unusual.

For instance, cut one or two inch-thick slices of ham and brown in a little fat in the baking pan. Pour crushed pineapple over the ham and add one-half cup water. Bake slowly until tender. Remove to hot platter and pour hot pineapple syrup around it.

Everyone knows the usual ways of using ham, in sandwiches, cold with salads, baked, fried, with eggs, and so on, but there are other meth-

ods which are just as delectable and more unusual.

For instance, cut one or two inch-thick slices of ham and brown in a little fat in the baking pan. Pour crushed pineapple over the ham and add one-half cup water. Bake slowly until tender. Remove to hot platter and pour hot pineapple syrup around it.

Tomatoes stuffed with ham are delicious. Remove a thin slice from the top of each tomato and remove seeds and pulp. Run canned ham through the meat grinder and mix with half as much bread crumbs and the tomato pulp and pepper and salt. Stuff tomatoes with this mixture, cover with buttered crumbs and bake thirty minutes in a moderate oven.

Celery and ham may be creamed together and served on toast, garnished with minced parsley.

COME ON ALONG

In addition to the Auto Race on Saturday afternoon, September 7, with many of the country's best-known pilots competing, there will be trotting and pacing races from Monday to Friday inclusive, with the Governor's Trophy Race on Wednesday afternoon, September 4.

Bucking... Raring... Roaring... Michigan's first genuine Western Stampede swings into action at the Fair Grounds on Labor Day. Don't fail to see these picturesque people of the saddle country in thrilling exhibitions of cowboy and Indian pastimes. It's a real Western thriller.

Every afternoon in the Grove and every evening in the Coliseum, the famous and picturesque Band of the 91st Battalion, Princess Louise's Argyl and Sutherland Highlanders of Canada will furnish an unequalled program of excellent music.

Never before have such unequalled exhibitions and entertainment been offered the people of Michigan. Educational, colorful and entertaining, this 80th Anniversary Michigan State Fair out-ranks all previous fairs in splendor, size, and features. Don't fail to see it—the admission for adults is 50c—children, between 12 and 16 years, 25c—children under 12 free.

80TH ANNIVERSARY MICHIGAN

STATE FAIR

September 1 to 7 Detroit

SEVEN DAYS SEVEN NIGHTS

AGRICULTURAL NOTES

Hogs Easy On Alfalfa

Hogs thrive on alfalfa pasture and cause less injury to the stand than heavier livestock. The carrying capacity of an acre of alfalfa depends on the stand and the locality, but ordinarily an acre of good alfalfa in any part of the country will carry from 8 to 10 hogs weighing 100 pounds each with little danger of injury to the stand. In the East, where a stand is easily injured by overgrazing, it is not advisable to carry as many hogs to the acre as in the irrigated parts of the West. To get hogs into condition for market, it is necessary to feed a small quantity of grain with alfalfa pasture. With this combination, hogs can be made ready for market cheaper than by any other feed. A grain ration of 2 pounds for every 100 pounds of live weight has been found the most economical, though with a larger grain ration the gains are more rapid and the returns per acre somewhat higher.

Drinking water for the poultry flock should be kept out of the sun in hot weather and renewed twice a day.

Feed silage to the dairy cow immediately after milking. It may flavor the milk if given before or during milking.

"Dehorning, Castrating, Branding, and Marking Beef Cattle" is the title of a recent Farmers' Bulletin, 1600-F, issued by the U. S. Department of Agriculture. It can be obtained by writing to the department at Washington, D. C.

The timeworn theory that "sheep having a covering of wool over their faces are the best," is now being exploded. Studies made by the U. S. Department of Agriculture show that ewes of the Rambouillet breed that are free from heavy face covering yield the heaviest fleeces, both scored and unscoured.

The only redeeming trait that cockroaches have, according to entomologists of the U. S. Department of Agriculture, is that they sometimes eat bedbugs, but most people don't

want to keep roaches around for this purpose. Fortunately it is easy to kill them, by sprinkling powdered sodium fluoride or sodium fluosilicate wherever they appear.

A grain mixture for cows on good pasture as a rule need not have as high a percentage of protein as the winter ration. The two following grain mixtures for supplementing pasture, without other roughage, are recommended by the U. S. Department of Agriculture: Ground oats, 100 pounds, wheat bran, 100 pounds, and corn meal, 50 pounds; or wheat bran, 100 pounds, corn meal, 100 pounds, and cottonseed meal, 25 pounds.

STOP IT NOW

Discussing the automobile accident problem, the Jacksonville, Florida, Times-Union recently said, in advocating liability legislation on the order of the New York plan: "It is very evident that many persons are permitted to operate motor vehicles on streets and highways when there is no justification whatever for such permission to be granted or to be enjoyed. Irresponsible persons are the most numerous causes of accidents, fatal and otherwise.

"The very irresponsibility, as in the matter of paying for damages that result from their recklessness, ought to be sufficient to bar certain motor car drivers from using the public streets and highways. They are irresponsible, financially, frequently not owning the car or vehicle they operate in public. They laugh when damages, to be paid by them, are mentioned.

"They should be made to understand that they must pay for such accidents as they cause. If they cannot be made to understand this by education, then the teaching should be by way of drastic law, energetical and effectively applied.

REAL THRIFT INSURES THE FUTURE

(By S. W. Straus, President American Society for Thrift.)

Thrift insures against failure and possible dependency in old age.

Those who practice thrift faithfully may be sure that they will not entirely fail. They may not gain world renown or immense wealth; they may not become possessors of great power, but they may be certain that they will occupy respected places in the affairs of men.

Advantages of thrift are too little appreciated. One great tragedy of life is the dependency of old age, the possibility of which often causes heartbreaking worry and needless apprehension.

On the other hand, there is constant happiness and much contentment of mind to those who practice thrift as a practical insurance against old age dependency.

There is a world of difference between the outlook of those who are making no provision for the future years and those who are slowly, steadily building up their personal resources. The difference is so great that one wonders how it is possible for any sensible person to drift along to certain failure when a comparatively small effort and sacrifice will place them on the roadway leading to absolute independence.

The practices of thrift carry certain personal inconveniences. They mean the giving up of certain pleasures and comforts. But how much better it is to give up a few of these things during the years when we are strong and in good health than to face poverty and distress when our old years are upon us!

Thrift is an investment in happiness that pays limitless returns. Present pastimes last for a day and are forgotten. The joys of thrift abide with us as long as we live, bringing ever and ever more substantial joy.

BREAK YOUR MATCH

Among the "slips that pass in the night," a notable one occurred last week following a lecture on fire prevention given to a group of boys at a summer camp in the northern part of the state.

It was a warm day and the instructor had gone to great pains in explaining the various whys and wherefores concerning the intricacies of forest fire prevention. "Be sure your campfires are out before leaving, and break your match. Break your match!" reiterated the well-intentioned instructor in conclusion.

Shortly afterward the same instructor observed one of the boys intently occupied with a box of matches. A closer view revealed that the lad had taken his instructions to heart and was breaking all the matches precisely in the center only to return the ends with the heads to the box for further use.

Now the instructor concludes, "Break your match after lighting, and before throwing it away."

YOUTH--AND THE NEW LEADERSHIP

By CRAIG B. HAZLEWOOD
President American Bankers Association

LEADERSHIP is a picturesque word. With it, one pictures Hannibal leading his way through the passes of the Alps. Napoleon in his campaigns—or Washington holding together his half-frozen army by the sheer magnetism of his character at Valley Forge. But I visualize something that holds a more astounding spectacle in many respects than any of these.

It is the onrush of our business life. Our economic progress plunges ahead at a rate unheard of in the history of the nations of the world and every industrial and financial leader is daily brought face to face with new and perplexing problems requiring the highest courage and intelligence for their solution.

Ninety billions a year, they tell us, this country is now producing in new wealth. The rate of increase is even more staggering than the amount. It is difficult to say where it may lead us in even ten or fifteen years.

We are moving exceptionally fast. Our economic and industrial structure is placing before us problems of greater and greater magnitude. Few men can see far ahead. Few are in complete control, for this is a changing world, as even the most experienced business man will readily testify. Our methods of adjusting ourselves rapidly to economic changes and of cooperating are far from perfect.

What an opportunity the leadership of five, ten or fifteen years from now presents! What an adventure it will be! What responsibilities it will lay upon the broad shoulders that may be found! This is the challenge to leadership as I see it. In the hands of the young men must rest the responsibility for this leadership.

Boys Who Reached the Pinnacles
Business is full of the romance of youngsters whose chief characteristic was working hard and keeping at it. There was a green farmer boy who decided he would rather stand behind a counter than follow a plow. He seemed so obviously lacking in sales ability that for a time no merchant would hire him. He failed in his first position, and in his second his salary was reduced. He even agreed that he was a misfit—but he stuck. Out of his first five stores, I believe, he worked for only one. But he persisted and worked hard. And that boy, Frank W. Woolworth, became the greatest retail merchant in the world with a store in every city of eight thousand or more population in this country.

There was another lad who clerked in a grocery store sixteen hours a day and studied mathematics in his odd moments. He became interested in the doings of the steel plant whose employees traded at this store. He began to study steel and sought a position in the plant. He carried a surveyor's chain and drove stakes. At night he studied mathematics and engineering. He did not despair. He could not be diverted. He kept the pressure on for seven years. And that boy, Charles Schwab, mastered the iron industry and became one of the country's great industrial leaders.

There was a lad who sold papers on a train. When he grew up, several million men and a score of billions of dollars of capital were given profitable employment through his inventions. Even in middle life, Thomas Edison continued to work twenty hours a day, if necessary to achieve his purpose.

Leadership is not play. Leadership offers countless positions of varying opportunity, of which the highest pinnacles will mean almost unbearable responsibility in the new era. There will be men with the fire and iron to qualify even for these places. Such men must have had the very finest preparation and the most grueling tests. Their reward will be the attainment of the highest pinnacles of achievement, and the rendering of an immeasurable service to their times.

MAIL BOX THEFTS AID CHECK FORGERS

American Bankers Association in Nationwide Warning Exposes Methods and Gives Rules to Combat Them.

NEW YORK.—Active operations in many cities of mail box thieves, who open bank communications to customers, containing details of their accounts and cancelled checks showing their banking signatures, and use this material in perpetrating check forgeries, have led the American Bankers Association to issue a nationwide warning to its members with instructions for combating this form of crime.

The warning was sent out by James E. Baum in charge of the association's Protective Department. "Heavy losses are being sustained through cancelled vouchers and statements stolen from the mail boxes of bank depositors in apartment and office buildings, thus divulging the depositors' balances and supplying models for forged checks. As a step to put customers on guard against these methods, banks are urged to instruct every depositor to whom they mail statements of deposit accounts on the last business day of each month to notify them promptly if such statements are not received by the close of the next day.

Some puts real money in their hands. If all blank checks had cancelled vouchers were securely kept in boxes instead of flimsy cabinets or drawers, the check crooks would be denied their chief stock in trade, namely, good blank checks and signatures. "Vouchers to depositors against blank or cancelled checks accessible to sneak thieves or burglars should be sent out at once."

Estimates broadcast by surety companies indicate that individuals, merchants, hotels and others outside of banking are shouldering more than 99 per cent of the total amount of forgery losses. The bulk of forgery loss on checks is sustained by those who are willing to risk accepting them without reliable proof of identity or title of the presenter.

"Years ago the Protective Department of the American Bankers Association adopted the slogan, 'Strangers are not always crooks, but crooks are usually strangers. If those outside of banking could be prevailed upon to observe this rule and think about it when considering accepting a check for their merchandise or services, for which they are also asked to give a substantial sum in cash in change, one of the biggest aids to the forgery business would be denied the crooks."

SCRUB BULL IS HAILED TO COURT

Placed on Trial for Hindering Development and Prosperity of Dairy Industry.

Indicted for robbery, larceny, and a few other such charges, Scrub Bull went on trial for his life at Laurel, Mississippi, recently. It seems that for some time people had suspicions that Mr. Bull was hindering the right and lawful development of the dairy industry, thereby "maliciously and wilfully lowering production and decreasing profits in the dairy business," says the Bulletin of the American Bankers Association Agricultural Commission in commenting on the case.

This, it says, was the first trial of its kind ever held in that section and was attended by several hundred people. The jury, representing every vocation within the boundaries of the Laurel trade territory, rendered a unanimous verdict of "guilty."

The death sentence was pronounced, "but during the night, before the sentence could be carried out, friends of the convict secretly spirited him away and he has not been seen since."

The arraignment came during the Milk Products Show sponsored by the banks of Laurel. People attending the show had the opportunity of also attending the bull's "trial" and went away firmly convinced of the seriousness of lax and out-of-date methods in the pursuit of dairying. The purposes of both the Milk Products Show and the trial were threefold, namely: to develop public sentiment for more and better Jerseys; to foster a more cooperative spirit for dairying and livestock growing; and to promote tick eradication.

The banks of Laurel entered into a cooperative arrangement in their efforts for fostering agricultural development and successful farming in the community, offering \$2,105 as premiums to the outstanding farm workers throughout the territory during 1929. An instructive booklet has been issued, showing the agricultural activity of the banks, together with announcements of contests for farmers, exhibits in the bank lobbies and prizes offered.

BANKERS DEVELOP NOVEL INSTITUTE

The Georgia Bankers Association in cooperation with the State College of Agriculture has sponsored a series of farmers' institutes in various parts of the State of an entirely new character. The principle feature is a large and comprehensive exhibit transported in four large trucks and set up at each stop. When set up it fills a space 40 by 60 feet and consists of panels, charts, and models on practically every phase of agriculture, including agronomy, horticulture, agricultural engineering, poultry, animal husbandry, soils and fertilizers, home economics and marketing. A large electrified farm model, showing the uses of electricity on the farm, model farm buildings and the ideal layout and landscaping of the farmstead, is one of the most elaborate and attractive exhibits.

Local bankers in each locality visited gave the money to cover expenses for the transportation and installation of the exhibit in their territory and assisted in the preliminary advertising and publicity. The College of Agriculture assembled the exhibit and conducted the tour through its various extension specialists.

DIPPING INTO SCIENCE

Honey
We say the bee obtains honey from the flowers but this is not really true. Honey is only manufactured by the bee after it has taken from the flower a sugary substance which the flower builds up within itself through sunlight and moisture of its own essence and which it can replace only by a slow and complicated process.

Easy to Remove Dents
To remove slight dents in wood place moist blotting paper over the dent and then apply heat by placing a warm iron on the blotter. The heat and the moisture cause the fiber of wood to swell and the dent fills up.

The Care of Your Money

RAILROAD BONDS
Next to agriculture the railroad industry is the most important in the country. For without the railroad, the wheels of progress would soon come to a standstill. Railroad bonds are such an essential part of the financing of the nation that it behooves the conscientious investor to gain at least an elementary knowledge concerning them.

Choosing a good Railroad bond is more difficult than the selection of any other type. For Railroad bonds depend upon so many intricate conditions that the average investor is incapable of properly analyzing them. Some of the more important characteristics to consider when investigating this type of security are outlined as follows by Straus Brothers Investment Institute:

Be sure you understand thoroughly the type of Railroad security offered you, for it is easy to be fooled by misleading titles. The underlying liens and Straight First Mortgage bonds on an established operating unit are the most desirable Railroad securities. Certain junior issues have misleading titles that are liable to make you think that these securities have underlying liens upon assets which they have not. The junior liens have many names, such as Consolidated Mortgage bonds, General Mortgage bonds, Prior Lien bonds, First Refunding Mortgage bonds, etc.

Find out how each issue is secured. Consider the location, physical condition of the property, and its earning power. If you do not confine yourself to issues not preceded by underlying mortgages, be sure that there is ample margin of security and earning power over the prior mortgages to protect the junior ones.

This rule, however, cannot be applied when considering different companies, as General Mortgage bonds of the Pennsylvania railway, for instance, should be absolutely good, while First Mortgages of other roads might be poor investments.

A further safeguard is to ascertain the fixed charges, the relation of such charges to the total net and gross income. These fixed charges should not be over 50% of the net income and 20% of the gross income.

The selling price of the stock is also a good guide. If it has been selling at a premium for a number of years and has a regular dividend record, the bonds of this road should be most attractive.

Although they are the easiest bonds to select, good Railroad securities are an excellent investment. But like Municipals, their yield is low, the average return on a high grade Equipment bond being about 4.75%.

Man's Eyesight Best

With the exception of birds the eyesight of the lower animals is poorer than that of man, and most of them in the ordinary course of life do not make much use of color vision.

NOTICE OF SHERIFF'S SALE

Notice is hereby given, that by virtue of a writ of Fieri Facias, dated July 29th, 1929, issued out of the circuit court for the county of Roscommon, state of Michigan, in favor of Ora Hall, plaintiff, against the goods and chattels and real estate of Michael W. Gibbons, defendant, in said county to me directed and delivered, I did, on the first day of August, A. D. 1929, levy upon and take all the right, title and interest of the said Michael W. Gibbons, defendant, in and to the following described real estate, that is to say: The East half of the Southeast quarter of section thirty, in township twenty-five North, range two West, county of Crawford, state of Michigan, all of which I shall expose for sale, at public auction or vendue, to the highest bidder, at the front door of the court house, in the village of Grayling, in Crawford county, Michigan, that being the place of holding the circuit court, for said county of Crawford, on the twenty-fifth day of September, A. D. 1929, at one o'clock in the afternoon.

Dated August 2nd, 1929.
J. E. BOBENMOYER, Sheriff.
Earl R. Chapin, Attorney for Plaintiff.
Business address: West Branch, Michigan. 8-8-6

TO THE OWNER OR OWNERS OF ANY AND ALL INTERESTS IN OR LIENS UPON THE LANDS HEREIN DESCRIBED:

Take notice that sale has been lawfully made of the following described land for unpaid taxes, thereon, and that the undersigned has title thereto under tax deed or deeds issued therefor, and that you are entitled to a reconveyance thereof at any time within six months after return of service of this notice upon payment to the undersigned or to the Register in Chancery of the County in which the land lies, of all sums paid upon such purchase, together with one hundred per centum additional thereto, and the fees of the Sheriff for the service or cost of publication of this notice, to be computed as upon personal service of a declaration as commencement of suit, and the further sum of five dollars for each description, with out other additional cost or charges. If payment as aforesaid is not made the undersigned will institute proceedings for possession of the land.

Description of Land:
STATE OF MICHIGAN,
County of Crawford.
The west half of the northeast quarter Sec. 35, Town 27N, Range 4W. Amount paid \$27.34 tax for year 1925. Amount necessary to redeem \$54.68 plus the fees of the Sheriff.

John Bruun, place of business Grayling, Mich.
To Stewart O. Van De Mark and Josephine L. St. John last grantees in the regular chain title of such lands or of any interest therein as appearing by the records in the office of the Register of Deeds of said county and grantees under the tax deed issued by the Auditor General for the latest year's taxes appearing of record in said registry of deeds. 8-1-4

STATE OF MICHIGAN

The Probate Court for the County of Crawford.

At a session of said court, held at the Probate Office in the Village of Grayling in said county, on the 6th day of August A. D. 1929.

Present: Hon. George Sorenson, Judge of Probate.

In the matter of the estate of David M. Storrs, deceased.

Merle F. Nellist, Attorney for the Executors of said estate, having filed his petition praying that an instrument, duly admitted to Probate in the State of Illinois, be admitted to Probate and recorded in Michigan and that administration in the State of Michigan, and the settlement of said estate be granted to said Merle F. Nellist of the Village of Grayling, or some other suitable person. And having filed all exemplified copies required by statute.

It is ordered, that the 3rd day of September A. D. 1929, at ten A. M., at said probate office is hereby appointed for hearing said petition.

It is further ordered, that public notice thereof be given by publication of a copy hereof for three successive weeks previous to said hearing in the Crawford Avalanche, a newspaper printed and circulated in said county.

GEORGE SORENSON, Judge of Probate.

News Briefs

THURSDAY, AUGUST 15, 1929

Miss Beatrice Tyner of Holland is the guest of Miss Frances Mickelson. Miss Flossie McFarlen of Battle Creek is the guest of Mr. and Mrs. Sigwald Hanson.

Carl Johnson and George Olson returned from Canada Monday after a successful fishing trip.

The missionary ladies met at the home of Mrs. Chris Hoessli on Wednesday p. m. to sew carpet rags.

Mr. and Mrs. Henry Bauman and Mr. and Mrs. Walter Woodson attended the concert at Interlochen Sunday.

A camper at the tourist camp reports seeing five deer drinking from the river when he arose early last Friday morning.

Miss Gulita Caperton returned to her home in Los Angeles today after spending two weeks the guest of Miss Virginia Hanson.

Corwin Auto Sales reports the sale of a 1930 Hudson sedan to George Schiabi and an Essex Challenger to Miss Isa Granger.

Mr. and Mrs. Howard Smith and children of Pontiac came to spend a few weeks vacation with Mrs. Smith's mother, Mrs. Lucy Morency.

Miss Frances Mickelson and Beatrice Tyner attended the concert at Interlochen Sunday. They remained in Northport until Wednesday.

Mrs. Alfred Hermann and Barbara Elizabeth left Mercy Hospital Wednesday and is at the home of her parents, Mr. and Mrs. Melvin Bates.

Herman Schreiber of New York city arrived Tuesday to spend a few weeks visiting his parents, Mr. and Hugg Schreiber Sr., and other relatives.

Chris Hoessli and family entertained Dr. Kenneth Merriman and a number of his friends over the week end. Dr. Merriman was a graduate of our high school.

Mr. and Mrs. Archie Cripps and little son, Raymond Mark of Detroit are guests of their parents, Mr. and Mrs. Roman Lietz and Mr. and Mrs. John Cripps.

A business meeting of the Grayling Golf Club was held Wednesday, Aug. 7 at the clubhouse. Several matters of interest were discussed and new officers elected. The officers chosen were: Pres. Fred R. Welsh, vice-pres. Marius Hanson, Treas. Esbern Hanson, and Sec. Emil Giegling.

Marius Hanson is driving a new Buick coupe.

Fresh dressed rabbit at Burrows Market. Phone 2. They are fine.

Russell Robertson was in Bay City the first of the week on business.

Col. and Mrs. O. M. Tower of Lansing were business callers here Tuesday.

Miss Clara Atkinson is entertaining her cousin, Glen Taylor of Bay City.

Frank Ingles and children spent Sunday visiting his wife in Traverse City.

Miss Eleanore Gorman is leaving today to spend a two weeks vacation in Detroit.

Mrs. Albert Rumley of Lansing spent Sunday with her mother, Mrs. Victor Salling.

Miss Isa Granger is driving a new Essex town sedan purchased of Corwin Auto Sales.

Dr. and Mrs. J. E. McIntyre of Lansing are guests of Dr. and Mrs. C. R. Keyport.

Mr. and Mrs. Tracy Nelson are vacationing in Saginaw and Flint for a couple of weeks.

Esbern Olson and Louis Heribson are spending a few days in Canada doing some fishing.

Mr. and Mrs. Hans L. Peterson are enjoying a vacation in Detroit, leaving Saturday afternoon.

Mrs. Leo Lambert and daughter of Detroit are visiting her parents, Mr. and Mrs. A. F. Gierke.

Edward Strehl and family of East Jordan spent Sunday visiting at P. L. Brown home.

A. E. Martin of the Avalanche force visited relatives in Charlotte from Friday until Tuesday.

Mr. and Mrs. James P. Davidson of Bay City spent a few days in Grayling the first of the week.

Gottie Kraus arrived from Chicago Saturday joining his family at Lake Margrethe to enjoy a vacation.

Mr. and Mrs. Russel Beck are happy over the birth of a daughter, Lila Marie born Wednesday, July 31.

Village taxes may be paid to Herluf Sorenson, village treasurer at the O. Sorenson and Sons store. 8-15-4

Amos Hunter, who is employed in Durand spent the week end here visiting his parents, Mr. and Mrs. William Hunter.

Miss Vella Hermann who has been attending the summer session at Ypsilanti returned home Friday morning.

Edward Edwards passed away at the County Infirmary Tuesday.

Mrs. Edna Nall of Detroit visited her nephew A. E. Craig here Saturday.

Hugh Ryan left last week for Minot, North Dakota, called there by the illness of his mother.

Mrs. Bert DeTrain and two children left Wednesday for Cheboygan to visit relatives for a few days.

Mr. and Mrs. Spencer Mielstrup and Elizabeth and Junior are guests of Mrs. Victor Salling for two weeks.

Dry Jackpine and Norway slabs and edgings for sale. \$2.50 per cord delivered. T. E. Douglas. Phone 150.

Jimmy Price and Marguerite Montclair spent Sunday visiting some of the northern resorts at Mackinaw, Petoskey, etc.

Mr. and Mrs. Adelbert Wheeler and three daughters of Detroit visited Mr. and Mrs. Adolph Peterson from Sunday to yesterday.

Mrs. Alfred Hanson is detained at her home owing to having the misfortune to miss her step and misplace a bone in her right foot.

Mr. and Mrs. W. F. Dreyer and children, Buddy and Betty Ann of Bay City are guests of Mr. and Mrs. Fred R. Welsh at their cottage this week.

Mrs. Sigwald Hanson and children returned to Grayling Monday after several weeks spent as the guests of her parents, Mr. and Mrs. Struble of Shepherd.

Miss Fancelia Failing and Elmer Neal, accompanied by Harry Hum enjoyed a motor trip to Mackinaw City, Petoskey and other northern resorts Sunday.

Mr. and Mrs. Charles Adams enjoyed a ten days visit from Mrs. Eugene Adams and daughter Virginia of Lansing. They returned home last Wednesday.

"There are some 276 different combinations in colors to be had without extra cost in the Hudson and Essex," said Nels Corwin, local Hudson-Exsco dealer.

Mr. and Mrs. Peter McNeven were Grayling callers last week. Mrs. McNeven went from here to Mackinaw City, where she is visiting the Charles Ewalt family.

The Ladies National League will meet on Wednesday, August 21st at the home of Mrs. Scott Wylie. Cards will be played and there will be a grab-bag. Everybody welcome.

Mrs. Henry Ahman and little daughter of Saginaw spent last week here visiting her parents, Mr. and Mrs. Thomas Cassidy and other relatives. Mr. Ahman motored up Sunday to accompany them home.

Miss Jane Ingley left for Detroit yesterday to spend a few days. On her return she will be accompanied by her niece, Miss Gladys Wheeler, who comes for her annual vacation at Lake Margrethe.

Mrs. Celia Granger and daughter Miss Isa and Mrs. Nelson Corwin and Miss Mildred spent Sunday at the State Park in Bay City, visiting George Granger, who is surveying there.

Mr. and Mrs. Holger C. Schmidt have as their guests the former's cousins, Mr. and Mrs. Harry Waage of Chicago, and Mrs. Blanche Mann and sons Harold and Owen of Ortonville.

Mrs. Herbert Wolff opened her summer home for an informal surprise party for Mrs. Olaf Mickelson on Friday afternoon. The beach ladies all came with kitchen utensils and showered the guest of honor with them. There were four tables of bridge. Mrs. Cora Tunison, Mrs. Olaf Mickelson and Lucille Hanson receiving the prizes.

Mr. and Mrs. Don W. Mewhinney (Vera Matson) of Windsor are grieving the death of their six months old daughter, Jean Ann, who passed away at Mercy Hospital at seven o'clock Sunday evening following a week's illness. The funeral was held Tuesday morning at ten o'clock from the home of its grandparents, Mr. and Mrs. Efner Matson, Rev. Earle of Frederic officiating. The remains were laid to rest in Elmwood cemetery. The bereaved parents have the sympathy of many friends in their loss.

Mrs. Signa Rasmussen and daughter Ellen Mae left for Detroit Sunday, the former going back to that city to resume her position with the Newton Packing Co. This firm found they could find no one to take Mrs. Rasmussen's place so asked her to return with a substantial raise in salary. She had come to Grayling for the summer and was filling her old position at the Sorenson Bros. store. They were accompanied by Mr. Ole Wiim, who came Saturday to accompany them to Detroit.

Ben and Arnold Jerome have just returned from Camp Kirolex, the Lansing Boy Scout camp. While there they accomplished a great deal to help them in their Scout awards, among them being a merit badge for Ben as a Junior Life Saver. Arnold made extra fine progress for his first year in camp and was the only scout under the rank of 1st class to become an honor camper. Both boys fulfilled the requirements and were chosen with thirty others as Honor Campers from about three hundred scouts. This entitles them to be members of the Honor camping party which will leave August 22 for about ten days, their destination being forty miles north of Eckerman in the Whitefish Point district of the upper peninsula.

Alfred Hermann of Lansing spent the week end with his family.

Mr. and Mrs. Liland Smock and family and James Reynolds Jr., spent Sunday visiting the Guy Reld family in Twinning.

Mrs. Rasmus Jorgenson was in Detroit for a couple of days last week visiting her daughter, Mrs. Ralph Warner.

Howard Schmidt was home from Flint over the week end. DeVere Schmidt has been spending several days in Detroit.

Mr. and Mrs. Edgar Douglas Jr. and the latter's mother Mrs. Lon Colton left yesterday morning to spend a few days in Detroit.

\$3.79 for a "Star" square felt base floor covering 9x9, or \$4.98 for 9x12 are bargains for this week Friday and Saturday only. Sorenson Bros.

Mr. and Mrs. T. Boesen and Mr. and Mrs. Peter Rasmussen are enjoying a visit from Mr. and Mrs. Emil Williamson of Chicago.

Mr. and Mrs. Earl Woodburn and family of Detroit and some friends are resorting at Lake Margrethe, occupying the Olsen cottage.

Everybody talks about the wonderful NEW VICTOR RADIO. Drop in and hear it. You'll be surprised and delighted. Central Drug Store.

Miss Corrine Decker, who has been spending the past month a guest at the Holger Schmidt home, returned to her home in Flint Sunday.

Mrs. Peter Rasmussen returned home Saturday morning from a several days visit in Saginaw. She was accompanied by her son Einer, who spent the week end here.

Mr. and Mrs. Emil Niederer entertained several guests at dinner Thursday evening in honor of Mrs. E. O. Safford of Vassar, who is a guest of her sister Mrs. T. P. Peterson.

Lee Kellogg, son of Mr. and Mrs. J. E. Kellogg of Lovells left for Ford Hospital, Detroit, Thursday, to have his foot straightened that has been giving him trouble for some time.

Mr. and Mrs. J. E. Fletcher and granddaughter Audree Hewitt and Mr. and Mrs. George Schiabi and family and their guest Norman Schmidt of Mt. Clemens motored to Mackinaw Sunday and spent the day.

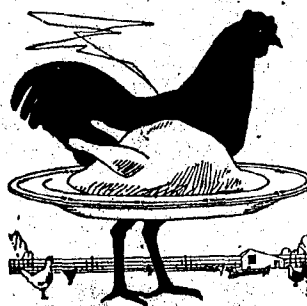

Mrs. Walter Bosworth and mother Mrs. C. E. Johnson motored to Bay City Sunday accompanying Miss Marjory Woods home, who had been a guest of the Bosworths for the week. They returned Monday.

Mrs. W. J. Heric and daughter Patsy Hope and the former's sister Miss Geraldine Neilson, who has been spending several weeks here left Sunday morning for Pickford, Mich., where they will remain indefinitely.

Mrs. Ernest Jorgenson and daughter Betty Lou of Pontiac are visiting at the home of Mrs. Rasmus Jorgenson. Mr. Jorgenson returned home after spending the week end here.

A. R. Craig has purchased the bakery building from Thomas Cassidy, the deal being made Monday. On coming to Grayling Mr. Craig leased the building but recently decided to buy it. His business is growing every day and Grayling boasts of a high class bakery.

Grayling friends of Mr. and Mrs. H. C. McKinley will be grieved to learn of the death of the latter, which occurred at her home in Gaylord Saturday morning. Mrs. McKinley had been quite feeble for several years, and last Saturday had the misfortune to fall, the shock from the injury causing her death a short time later. The McKinleys had resided in Grayling for about three years, during the time that Mr. McKinley was employed at the Avalanche office, but this spring returned to their home in Gaylord. Mrs. McKinley was a beautiful character and was highly respected and loved by most everyone in Gaylord, where most of her life had been spent. She also enjoyed a large circle of friends in Grayling who are deeply grieved to learn of her demise. The funeral was held Tuesday afternoon and Mrs. J. E. Schoonover and daughter Miss Pauline drove up to be in attendance. Just a week or so ago Mr. and Mrs. McKinley celebrated their 54th wedding anniversary.

The Season to Eat Poultry

Poultry is right in its prime right now. Springers are big enough to be good, or, if you prefer a roaster, we have it. Fowl is a healthful summer meat—serve it to your family often.

Mrs. Augusta Walt of Detroit spent the week end with relatives.

Notice to members of W. B. A. Dues will be paid to Mrs. Herbert Gothro until further notice.

Mr. and Mrs. Russell Cripps and family and Bill Kelly of Lansing visited over Sunday in Grayling.

Edgar McPhee and Meredith Cameron and a boy friend of Detroit are enjoying camping at Lake Margrethe.

Mr. and Mrs. S. D. Palmer drove to Flint Sunday accompanying the Oscar Deckrow children home, who had been here visiting among relatives for the summer. On their return the former's sister Miss Erna Palmer of Bay City came with them and will spend a week or two here.

Mr. and Mrs. Harry K. Wright and daughter Mary Jane and the former's mother, Mrs. Mary Wright of Lansing are returning home today after a two weeks outing at Lake Margrethe, where they were occupying the Granger cottage. They also visited Mrs. Wright's parents, Mr. and Mrs. F. O. Peck while here.

E. O. Safford and daughter Miss Pauline of Vassar joined Mrs. Safford and their son Carl here Tuesday and are guests of Mr. and Mrs. T. P. Peterson and family. Later in the week the Safford family will leave for a motor trip across the straits. Mrs. Safford and Mrs. Peterson are sisters.

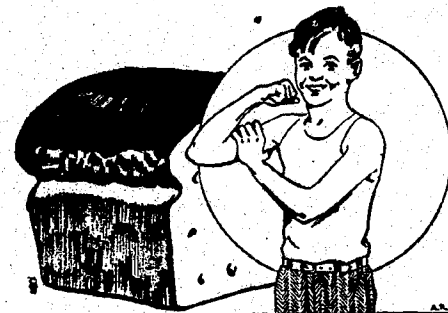

Grayling Independents were badly defeated in a game of base ball Sunday by the fast Mancelona team. The score was 20 and 9 and was an easy victory for the visitors. Grayling used three pitchers, Nelson, Milnes and McPhee, but were unable to stop the hard hitters from Mancelona. Next Sunday the locals will play Rose City.

Mr. and Mrs. Harold Skingley have purchased the property from the Rasmus Hanson Estate, which is being occupied by the Frank Ahman family, and will move in as soon as the Ahman family vacates same. Also Rasmus Rasmussen has bought the property from the estate known as the Danish gymnasium and is having the building razed.

Marius Hanson of the Mac & Gidley clerking force, Gordon Pond of the Emil Niederer ice force and Arthur May, messenger boy for the local Western Union are camping at Shaw's Park on the AuSable. Sunday they took Gordon's Ford down to the camp and left it there returning in the Niederer ice truck, which they had used to take their paraphernalia down to their camp. All went well and brave and early Monday morning the three sailed down the AuSable in their canoe with a load of provisions and bedding, but as they passed one of the resorts something awful happened. They were hailed and inquired if they had any matches and going at a high rate of speed they endeavored to put the brakes on too quick and the boat and all in it upset. In a short while everything was righted again and Art succeeded in rescuing the butter so they proceeded on their way and soon got their clothes dried and began enjoying camp life.

To Build Boys Strong

Special foods and preparations may be all right for boys as a fill in, but the real food to build them strong and healthy is good BREAD and plenty of it. OUR Bread contains just the right ingredients

GRAYLING BAKERY A. R. CRAIG, Prop. Phone 16

Mr. and Mrs. J. Beaudette of Detroit are having a summer home built on the north branch of the AuSable near Kelloggs. They expect to occupy it next week.

Fred Bishaw, who is employed by the Pittsburg Steamship Company is spending a couple of weeks with his family, who reside here. He came from Chicago and recently has been on the steamer Robert Fulton.

Miss Maxine Adams is spending several weeks visiting in Bay City. Miss Arlene is spending her vacation in Detroit.

Mr. and Mrs. Allen H. Wetz of Dayton, Ohio, have arrived at their summer home at Lake Margrethe for their annual outing and will remain until the forepart of September. They have as their guests Mr. and Mrs. Ralph Burst of Dayton.

FURNITURE

For Bedroom and Livingroom

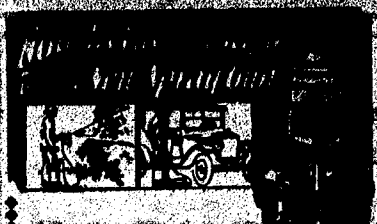

VERY NEWEST DESIGNS REPRESENTED ON OUR FLOORS

The purchase of better quality furniture is really the finest kind of ECONOMY to practice.

In purchasing furniture you should always keep in mind the fact that you are going to live with your furniture a long time. It isn't like an article of wearing apparel that you wear only for a short time and then discard. Furniture that is hastily selected and bought simply because the price is low, very often develops into an eyesore after living with it a short time.

The type of furniture that you will see on display on our floor was selected because it was designed for service, for beauty, for character and all of the qualities that homekeepers, who appreciate the better things, would like their furniture to possess.

Handy Spray Outfit

\$7.50

For Painting and Lacquering

Here is a Hand-Power Spray Pump that is designed for commercial use as well as for general use. It is a wonderful convenience for the household in Varnishing, Lacquering and general Household Painting.

Use it for painting Automobile, your Chairs and Tables, Radiators, Etc. It does the work easier and better than is done by handwork. It is very simple and easy to handle. There will be no dreading to do the usual household painting when you have one of these Handy Spray Outfits.

For the convenience of the public we have one on display at the Avalanche office. You will be welcome to inspect it at any time.

JOHN W. COWELL, Grayling, Mich.

INTERLOCHEN MUSIC SEASON CLOSURE ON SUNDAY IN A BLAZE OF GLORY

The Interlochen music season, centering around the concerts at Interlochen Bowl by the National High School Orchestra and Band, will come to an end next Sunday, August 18, with a final concert by the National High School Band and another by the National High School Orchestra. Because of the nature of the two programs and the fact that it is the last opportunity the people of this section of Michigan will have to hear these musical organizations this year, the biggest audiences in the history of the Camp are expected at the two concerts.

As a tribute to the art and ability of the Camp's band conductor, A. E. McAllister, the band at the afternoon program will play as its opening number March Inflexible, written by the famous band man Al Sweet and dedicated by him to Mr. McAllister, who will conduct the concert.

The evening concert will be made memorable by the presence as guest conductor of Dr. Howard Hanson, director of the Eastman School of Music, Rochester, N. Y., and one of the most prominent American composers. Dr. Hanson will conduct the orchestra when it plays the Nordic Symphony, one of the most celebrated of his works. First performed in Rome, the Nordic Symphony has been played by the largest orchestras in this country.

Another interesting feature of the Sunday afternoon band concert: the rendering of Fantasia composed in 1916 by Alvin Etlar, 16 year old obse player in the National High School Orchestra. Etlar hails from Urbana, Illinois, and has studied music but four years.

Following is the program for the Sunday afternoon band concert:

- 1 March Inflexible—Al Sweet. (Dedicated to A. E. McAllister).
- 2 Slavonic Rhapsody—Freidman.
- 3 Angelus—From Scenes Pittoresques—Massenet.
- 4 Selection—Victor Herbert's Favorites—Herbert.
- 5 Song of The Marching Men—Hadley.

- 6 March—Colossus of Columbia—Alexander.
- 7 Scenes from "The Ring of The Nibelungen"—Wagner.
- 8 Message of The Chimes—Colby.
- 9 Selection from "The Chocolate Soldier"—Strauss.
- 10 American Fantasia—Herbert.

The Sunday evening orchestra concert will be as follows:

- 1 Fantasia—Alvin Etlar. (Composed in Camp).
- 2 Symphony No. 1—Brahms.
- 3 Nordic Symphony—Hanson. (Conducted by the composer).
- 4 Les Preludes—Liszt.

Announcement was made this week by J. E. Maddy, musical director of the National High School Orchestra and Band Camp, that the fourth National High School Orchestra will assemble in Atlantic City February 23 to 28 to play for the department of superintendence of the National Education Association. The orchestra will be conducted by Walter Damrosch. The orchestra will also give a concert under the auspices of the Philadelphia Civic Music Association at the Metropolitan Opera House in Philadelphia on February 27, a concert at Carnegie Hall in New York under the management of Arthur Judson on February 28, and on March 1 a concert sponsored by Mrs. Herbert Hoover and Mrs. A. H. Vandenberg, wife of the United States senator from Michigan, in the D. A. K. auditorium at Washington, D. C. The orchestra which will play at Atlantic City will be open to all high school musicians who can qualify, but the orchestra which is to play in Philadelphia, New York and Washington will be restricted to members of the National High School Orchestra and Band camp.

WANDENBERG'S DAUGHTER PLACES IN PIANO COMPETITION

Traverse City, Mich., Aug. 9.—Seventeen solo championships were awarded in the finals of the annual contests among the 250 students at the national high school orchestra camp. The gold, silver and bronze medals, replicas of the Interlochen Bowl, were presented the winners by C. M. Tremaine of New York City, director of the national bureau for the advancement of music and member of the orchestra camp advisory board. Symphony orchestra musicians on the camp faculty were the judges.

The violin contest, always the one to which most distinction is attached, was won by Edward Preveder, of Eveleth, Minn., by a close margin over Sven Reher, concert master of the national high school orchestra and son of the concert master of the Cincinnati symphony. Elizabeth Vandenberg, daughter of Grand Rapids, took first place in the piano competition. Two other Michigan students received firsts, Francis Hellstein, of Detroit, on the horn, and Bernard Smith, youthful director of the Flint Salvation Army band, on the cornet. Iwanago Atsushi, one of two students from Honolulu, won the clarinet championship.

Just the Same Then Human nature doesn't change much. If at all, as the years roll on and we'll bet when old Ananias died, as we understand he did rather suddenly, the home paper, if there had been one at the time, would have said among other things, that his word was as good as his bond.—Ohio State Journal.

Powers are split over Young plan; U. S. ready to act.—Cincinnati Enquirer.

C. MICKELSON, EXPERT FISHERMAN

(Continued from first page)

staff photographer spent several days at Grayling where Mr. Mickelson has a fishing and hunting camp. A picture covering a half-page is reproduced over the title, "Twilight, sunset and shadows of the night, land of silence and contentment." The picture is a view into the setting sun on Lake Margrethe. Through white and Norway pines, the vista follows the silvery path of sunlight to the wooded shore. The picture was taken in front of the Mickelson home.

Another picture is a campfire scene on the banks of the AuSable. Mr. Mickelson is in the group around the fire. A flashlight picture of Mr. Mickelson and two other fishermen pulling down the AuSable is also shown. Another very good picture is a second campfire scene showing Mr. Mickelson sitting around the fire and listening to other members of the party telling tales of hunting and fishing in the famed AuSable country.

Mr. Mickelson also posed for a picture showing the art of tying trout flies, in which the Mason man is classed as one of the foremost leaders. Beneath the picture are the lines: "There is a growing belief among many trout fishermen that the real enjoyment of the sport never comes until you tie your own flies. To duplicate the shape and appearance of a dusty miller, a carrion fly or a small night-flying moth, with only bits of silk, feathers and hair at your disposal, borders pretty close upon art. Here we have Carl P. Mickelson of Mason demonstrating how the trick is turned. Mr. Mickelson ties all of his trout flies and his annual catches attest his skill in artificial fly-making."

Moving pictures were also taken of the country around the AuSable and in these pictures Mr. Mickelson appears many times. The pictures were shown in Detroit last week, it is said.

Mr. Mickelson probably knows as much about the AuSable country as any man. As a boy he roamed the woods and followed the streams of that region. As a young man he cruised timber through the north. For years he has hunted and fished through this sportsman's paradise. Although for years he has made his home in Mason he spends many weeks at his hunting and fishing camps, each season. He is widely known among sportsmen for his prowess with rod and gun, his knowledge of woodcraft and his love of nature.—Mason News.

OAKS FAMILY REUNION

The eighth annual reunion of the Oaks family was held at Grayling's tourist camp, Conine's grove, on the East Branch of the AuSable, Saturday, August 10th.

When the seventh reunion was held here last summer the visitors were so well pleased that it was unanimously decided to return here this year. From Genesee county came many visitors, and with a guest from Indiana, sister of Mrs. Ruth St. Dennis, eighty of the Oaks family were seated at the long well-filled table. As it is the custom to remember birthdays falling on the date of the reunion, Mrs. Floyd Penoyer of Flushing came with a beautiful and candied cake, large enough for all eighty present, to honor the birthday of Ed. Oaks of Flint. All regretted the absence of Ed. but enjoyed his cake. Friday's fishing trip down the AuSable by several of the boys furnished plenty of the speckled and rainbow beauties for the guests.

At the business meeting following dinner five interesting letters from absent members from Oregon, South Dakota, Minnesota and Illinois were read. Arthur St. Dennis, Flint, was elected president for the ensuing year; Arthur Oaks, Flint, vice president; Gilmer Sparkes, Flint, Secretary-treasurer; Claud Oaks, M. and Mrs. Harold St. Dennis, Flint, entertainment committee. Floyd Penoyer, 78 years, Flushing, and Allen J. C. Stephan, 9 weeks, Grayling, were presented with gifts, annually given to the oldest and youngest members present. Many were the expressions of regret and sorrow at the loss of a loved member of the family, Mrs. F. R. Deckrow, who passed away last May. Bay City State Park was selected as the place of the next reunion.

The children had begun to look expectant and there were shouts of joy when large bunches of bananas suddenly appeared among the trees. Then Hugh Oaks unloaded a large box of squawker balloons and the fun commenced. Mr. and Mrs. John Stephan Jr. and John Deckrow as the entertainment committee started several races and contests for which first and booby prizes were given.

Mr. and Mrs. Giles Oaks of Goodrich arrived Thursday and camped in the grove until Monday leaving then for Houghton Lake. They had sons,

ESSEX the Challenger

the Reliability Car of the year

Essex the Challenger has outstandingly established itself as the Reliability car of the year.

How sweeping and convincing are its proofs! In the hands of more than 200,000 owners, the actual service records prove the lowest service costs, and smallest service requirements of any car we know.

Prohibition Commissioner Doran's orders forbid rifles for dry agents.—Milwaukee Journal.

COLD AND SWEET

COLD and sweet and oh so popular is ice cream when summer comes around. Regardless of whether it is served at dinner, or at a party, or as the afternoon luncheon for children proudly bedecked in their parents' outmoded clothes and grandly playing "come to tea," ice cream is an ever-welcome dessert.

Easy to Make

And ice cream is an easy dessert to make. Only a few rules are necessary for success. To make ice cream, sherbet or water ice, use three level measures of ice to one of salt. A larger proportion of salt will cause the mixture to freeze more quickly and to be granular. This is desirable in a frappé, which is frozen with equal parts of salt and ice; but is to be deplored in other frozen desserts.

Another rule is never to fill the can more than three-fourths full of the ice-cream mixture; if it is too full the resulting dessert will be grainy.

Turn the crank slowly and steadily at first, but when the cream is frozen to a mush the crank may be turned more rapidly.

Today, the woman with an iceless refrigerator can make frozen desserts in her ice box with no more attention than an occasional stirring. Gelatin, eggs, or cream should be added to the mixture, for a plain water ice will be too granular if frozen in this manner.

Among the best-liked frozen desserts are those containing fruit. Left-over fruit, whether fresh or canned, may be used. Canned fruit is usually more economical than the fresh when using large amounts. Inexpensive grades may be bought for this purpose.

Following are some recipes for frozen desserts which will be greeted by the family with cries of "More!"

Frozen Fruit Mayonnaise

Beat one cup of heavy cream, add two-thirds cup mayonnaise and one cup of sugar. Add one cup crushed pineapple, one-half cup canned strawberries, two tablespoons lemon juice and two mashed bananas. Pack in an air-tight can and immerse in salt and ice for several hours. Serve as a dessert. This will serve eight people.

What to Make

Loganberry and Banana Mousse: Chill two cups of evaporated milk thoroughly. Add one unbeaten egg white and beat with a rotary egg beater until stiff, in a bowl set in a pan of cracked ice. Beat in one cup sugar, one-half cup of banana pulp, the juice of one-half a lemon and one-half cup of canned loganberry syrup. Pack in ice and salt, but do not turn. These quantities make eight servings. Cherry, red raspberry or strawberry syrup may be used instead of the loganberry syrup.

Apricot and Lemon Sherbet: Dissolve one package of lemon flavored gelatin in two cups of boiling water,

add one and one-fourth cups of sugar and cool. Add one cup of cold water, one cup of heavy cream and the apricots from a number two can. The fruit should have been pressed through a sieve. Freeze. This recipe will serve eight people liberally.

Frozen Recipes

Frozen Apple Sauce: Mix together the contents of a number 2 can of apple sauce, one-fourth cup of lemon juice, one-half cup of orange juice, one-half teaspoon grated orange rind and one-half cup sugar. Fold in one stiffly-beaten egg white. Pour mixture into the ice-cream freezer and freeze the any ice cream, using three parts ice to one part salt. This makes a little over one quart, and is especially nice to serve with the main course of a meal, especially if the meat is pork.

Junken Ice Cream: Scald together one quart of milk, one cup of evaporated milk and three-fourths cup of sugar, then cool to lukewarm. Add one tablespoon vanilla. Crush one and one-half junket tablets, and dissolve them in two tablespoons of cold water. Add to the lukewarm mixture in the ice cream can, and let stand "until firm." Then freeze like any other ice cream. Serve a few spoonfuls of cherries, red raspberries or other canned berries over each portion, and top with marshmallow creme. This recipe will serve eight people.
